Sesame seeds		
Sulphites		Y
Fish		
Lupins		

Allergens: Contains **Milk, Soy.**

Directions:

- MIX WITH COOL WATER.** Half fill the yoghurt tub with cool clean drinking water (15-20°C). Add yoghurt mix, secure lid and shake well. Add more water until tub is filled to 1kg level. Replace lid, shake well, then release air from container and reseal.
- INTO YOGHURT MAKER.** Pour boiling water into empty yoghurt maker to the specified line. Place tub into yoghurt maker and shut maker lid.
- SET YOUR YOGHURT.** Leave to set for 8-10 hours. Then remove tub from maker and place in the fridge to cool. Some separation may occur. If desired, gently stir before serving.

For sweeter yoghurt: Try stirring through honey or fresh fruit after the yoghurt is set or when serving.

For more acidic yoghurt: Leave in the yoghurt maker for a few extra hours.
